The Gita can be seen as the main
literary support for the great religious
civilization of India, the oldest surviving
culture in the world. The present
translation and commentary is another
manifestation of the permanent living
importance of Geeta; Swami Bhaktivedan
brings to the West a salutary reminder
that our highly activist and one-sided
culture is faced with a crisis that may
lead to self-destruction because it lacks
the inner depth of an authentic meta-
physical consciousness without such
depth, moral and political protestations
are just so much verbiage.
